Re: Discharge Approval

Ms. Wilcox:

The Cedar Rapids Water Pollution Control Facilities (CRWPCF) has reviewed the information provided to discharge cleaning solution used in a parts cleaner at Hawkeye International Trucks located at 2740 6th Street SW.

This letter should be considered notice that discharge of this water is acceptable, with the following conditions:

1. No more than the amount of waste water identified in your email, dated 8/24/09, shall be discharged (**20 gallons every 3-4 months**). If the volume or frequency of waste water discharged increases, an updated application for Approval of Special/Unusual Discharges shall be submitted to the Cedar Rapids Water Pollution Control Facilities (CRWPCF).
2. This approval applies only to the waste water described in the 8/24/09 email received by the CRWPCF.
3. This approval is also conditional and could be revoked at any time if plant conditions warrant.

If you have any questions, please call me at 319-286-5286 x4629.

Sincerely,

A handwritten signature in cursive script that reads "Kelly Seery".
