Reedsburg, WI 53959

Dear Jessie,

We have reviewed your request dated May 24, 2006 regarding the appropriateness of discharging Renegade Cleaner/Degreaser to the Metropolitan St. Louis Sewer District.

Based on the information you provided, it appears that discharge of this material would meet the standards of MSD Ordinance 8472. Please note, however, that use of such material in parts washers may result in wastewater that also has entrained oil/grease and metals. Such contaminants may not necessarily meet our discharge standards.

There are a number of factors which can affect the compliance of a facility's effluent with MSD Ordinance 8472 standards, and it is the user who has the responsibility to maintain the facility in compliance with those limits. This letter is not intended to allow discharge of any material that would cause a violation the ordinance.

Thank you for your assistance in helping us comply with state and federal regulations. If you have any questions, please contact me at 314-436-8717.

Sincerely,
METROPOLITAN ST. LOUIS SEWER DISTRICT

Douglas M. Mendoza, P.E.
Manager of Industrial Pretreatment
