SUBJECT: RENEGADE PARTS WASHER & SEWER USE
QUESTIONNAIRE

County of Sacramento

Your Material Safety Data Sheet for Renegade Cleaner/Degreaser has been received and reviewed by the Sacramento Regional County Sanitation District (SRCSD). Based on the information submitted, we have the following requirements for disposal of parts washer wastewater.

County of Yolo

City of Citrus Heights

City of Elk Grove

- Businesses discharging process wastewater into the SRCSD sewer system must file a Sewer Use Questionnaire. The completed Sewer Use Questionnaire is a declaration of wastes discharged into the sanitary sewer system and will be kept on file with the Wastewater Source Control Section. A business is authorized to discharge wastewater as described in the subject questionnaire into the SRCSD sewer system in accordance with the ordinances and rules of SRCSD and its contributing agencies. A business is responsible for furnishing an updated Sewer Use Questionnaire if there is a significant change to the wastewater discharge that has not been previously declared or if SRCSD requests a new questionnaire.

City of Folsom

City of Rancho Cordova

City of Sacramento

City of West Sacramento

- Wastewater discharges must meet the requirements of the SRCSD Sewer Use Ordinance. For example, pH must be above 5 and below 12.5, no flammable or hazardous substances may be discharged, and Oil & Grease of petroleum origin must be less than 100 parts per million.

Mary K. Snyder
District Engineer

Stan R. Dean
Plant Manager

Wendell H. Kido
District Manager

Marcia Maurer
Chief Financial Officer

Thank you for cooperation. Please call me at 876-5287 if you have any questions.
