Rotary Fixture Assembly with
 Spray Manifold

Control Panel

PRODUCT OVERVIEW

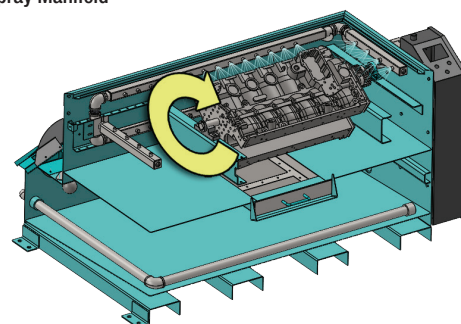

The Renegade TMB 8100 STRETCH HRPW Horizontal Rotating Automatic Top Load Heavy Duty Parts Washer is designed for automotive builders, precision machine manufacturers, and many other unique industrial cleaning applications. Similar in operation to a rotisserie, the engine component rotates from its balanced centerline, while the high pressure spray manifold thoroughly flushes fine particulates from blind holes and other hard to clean cavities with aqueous detergent. Custom fixtures are designed for your parts and components for secure placement in the top load parts washer.

Automation features include PLC Programmable Wash Cycle Timer and Heater Timer. Rugged gear-driven operation and quality construction means low maintenance and high performance batch after batch. Renegade Parts Washers are designed to work with Renegade detergents for maximum cleaning without residue buildup.

STANDARD PRODUCT FEATURES AND BENEFITS

- 7.5 HP Heavy Duty Wash Cycle Pump
- 220 Volt 3 Phase; Also 460 Volt
- 500lb Load Capacity
- Sump Capacity - 187 Gallons

RENEGADE PARTS WASHER DETERGENT

Renegade's history of providing parts washers solutions also includes a wide variety of **specially formulated soaps and detergents** for use in parts washer systems. Renegade's experience in the industry led to the development of special non-solvent based surfactants that are both environmentally safe and health conscious for your employees. Use Renegade low-foaming detergents to remove grease, soil, paint, corrosion, oil, and other contamination from parts' surfaces. Choose from manual or automatic detergents, degreasers, additives and hand cleaners. **Learn more and order now, call 800-774-7900 or go to Renegade at www.partwasher.net.**

ABOUT RENEGADE PARTS WASHERS

Manufactured by **Service Line, Inc.**, **Renegade Parts Washers** and **Renegade I-Series Industrial Parts Washers** are designed to efficiently clean parts and components in a wide variety of industrial applications in both general cleaning and industrial high volume operations.

Since 1996, our industry experience has led to innovations in automatic and manual top load, front load and turntable parts washers, along with exclusive developments in parts washer detergents. Renegade Parts Washers offers fast lead times, quality service, support and custom design parts washer configurations with our Clean Spec Consulting Services. Renegade customers include small manufacturers and prominent Fortune 500 companies.
